

Metal Shark is a leading shipbuilder specializing in the design and production of boats and ships for military, law enforcement, fire rescue, and a wide spectrum of commercial applications. At three fully self-contained facilities in Alabama and Louisiana, Metal Shark manufactures vessels in aluminum, steel, and fiberglass, with current capabilities supporting production for vessels up to 300' in length.

Best-known for the vessel fleets it produces for the U.S. Armed Forces and allies around the globe, Metal Shark has expanded its focus to include state, local, and commercial operators across a wide range of markets. Today, the Louisiana-based company produces a wider range of specialty vessels than perhaps any comparable yard. Key markets served include fire rescue, law enforcement, military, passenger vessels, pilot boats, various workboat operators and other specialty operators.
